STUDIENKOLLEG NRW

**PREPARATORY COURSES AND
UNIVERSITY QUALIFICATION
EXAM**

JOIN US AT STUDIENKOLLEG NRW IN COLOGNE!

We are part of the Hochschule Fresenius and prepare international applicants with a foreign university entrance qualification – that is not recognized as equivalent to the German Abitur – for academic studies at a German university.

In order to acquire the German university entrance qualification you have to take a university qualification examination, the so-called Feststellungsprüfung in one of our focus courses W-Economics ("Wirtschaft"), T-Technical Sciences or M-Medicine. Both the preparatory courses and the Feststellungsprüfung (university entrance exam) take place at the campus of Hochschule Fresenius in Cologne. Hochschule Fresenius has been commissioned by the Cologne District Government to conduct this university qualification examination since 2012. The examination is thus officially recognized.

Hochschule Fresenius is a place where tradition meets innovation, teaching meets research, and theory meets practice. But above all, it is a place where people come together – students, lecturers, professors, and more – each with their own experiences, viewpoints, mindsets, and behaviors. As a private university of applied sciences, we want to give them all the space and freedom to evolve, grow and pursue their goals. In short, we want to be a GREAT PLACE TO GROW.

OUR COURSES START TWICE A YEAR

START IN MARCH:

- ◆ T-and M-course in German
- ◆ Studienkolleg program: 10 months
- ◆ Feststellungsprüfung in November at the Cologne campus of Hochschule Fresenius.

START IN SEPTEMBER :

- ◆ W-, T- and M-course in German and T-course in English.
- ◆ Studienkolleg program: 10 months
- ◆ Feststellungsprüfung in May at the Cologne campus of Hochschule Fresenius.

You will receive the certificate approximately one month later, so you can apply for Bachelor's programs at public universities before the application deadline.

FEES

The cost of the courses is €12,000. A €3,000 deposit will be required upon admission and is deducted from the full tuition. The remaining €9,000 is paid in monthly instalments. The total cost is reduced to 11,440,00 € if the full fees are paid in advance. If you already have an official C1-level certificate in German language, you will be entitled to a 20% discount.

GERMAN EDUCATION GATE

After you have passed the Feststellungsprüfung in German, you will be qualified to apply to all universities in Germany. If you pass the Feststellungsprüfung in English, you can apply for a Bachelor's program in English within the state of North Rhine-Westphalia.

If you decide to study at Hochschule Fresenius, you are eligible for a discount on the tuition fees. For all German- and English-language economics courses, you are also guaranteed a studyplace on a German or English Bachelor's program at Hochschule Fresenius if you pass the Feststellungsprüfung and meet the applicable admission requirements.

ADMISSION PROCEDURE

In order to organize our courses as successful as possible, it is essential that all participants have a similar level of language proficiency and educational background. Therefore, we don't only check the formal requirements on the basis of your transcripts and certificates, but we also arrange an online interview with you to get an impression of your linguistic and personal skills. Applicants are selected based on their skills, motivation and personal suitability.

ADMISSION REQUIREMENTS

EDUCATION

- ◆ University entrance qualification: Secondary school certificate.

LANGUAGE

PREPARATORY FOCUS COURSES IN GERMAN

- ◆ B1 in German
- ◆ only for the W-course: min. A2 in English

- ◆ Studienkolleg NRW summarizes the learning progress in the form of a chart and makes it available to the students (and parents).
- ◆ Students write regularly sample exams and the oral exam is simulated in order to prepare the participants optimally for the final exams.

WHY STUDY IN GERMANY?

◆ FIRST-CLASS QUALITY

German degrees stand for worldwide recognition, a solid education, deep knowledge of details and a strong practical approach.

◆ IMPORTANT ECONOMIC MARKET

Germany is one of the most developed and efficient industrial nations worldwide. With 80 million inhabitants, it is also the biggest and most important economic market of the Eurozone.

◆ EXCELLENT REPUTATION

'Made in Germany' is one of, if not the most respected designation of origin in the world.

◆ GREAT OPPORTUNITIES FOR GRADUATES

Trained experts who developed their knowledge in Germany have a very good chance of being employed by German or international companies.

◆ TRAVEL EASILY

With your European citizenship or Student visa, you can travel easily and affordably to Germany's nine exciting neighboring countries and throughout the Schengen area of the EU.

◆ DEMOCRATIC SOCIETY

Germany is a democratic society with a high standard of living.

◆ POST-STUDY WORK VISA

Graduates from a German university receive an 18 months post-study work visa.

COLOGNE

Hochschule Fresenius and Studienkolleg NRW are located in the center of Cologne, Germany's fourth largest city, with more than one million inhabitants. About 10% of these are students, which makes it a very young population. The central location in Germany paired with a good infrastructure, numerous leisure facilities and a cosmopolitan and tolerant lifestyle makes Cologne one of the most attractive cities in Germany.
